We, the class of '82, being of sound mind . . .

I, Lisa Bailey, will my ability to get out of and be late for Spanish class to Rebecca, D., Todd A., and Daren N.; my ability to spend most of the day in the band room to Jackie M.; my ability to skip school and not get caught to Kelly A. and Lori D.; and my volleyball playing skills to Tammie Fay who needs all the help she can get!

I, Mark Bandy, will graduate. (barely)

I, Annette Barter, will to any underclassman the ability to put Mrs. Bone's curtains back in the refrigerator. I also will to my brother, Chris, the ability to not get caught causing trouble. Last of all I will "the lane" to Leann Calhoun since she sees the country quite often.

I, Greg Brown, will the following to C.R. the ability to chew Mr. Mr. Inman's P.E. class and not be caught. I will the extra long pants legs to John Alexander who looks like he is waiting for a flood. And I will my ability to anyone who can tell Mrs. Roby that they are sick and she believes them (and most of the time it works.) Thank God and Greyhound I am leaving this Rathole.

I, Paul Bryant, will nothing.

I, Mike Carroll, will all my good times to Billie in hope that she will have just as much or more than I did.

I, Mike Cuttill, will my curly hair to anybody who wants it, and my ability to bug people, to Robbie Dickens who really doesn't need it.

I, Paul Davis, being of semi-sound mind and body, do hereby will my insanity to anyone who can keep up my reputation of craziness (or better it). Also, I will my ability to be a one-time cheerleader to anyone with enough guts to get in the skirt.

I, Cheri Funk, will to my sister, Traci, and cousin Rhonda, the ability to cause as much trouble as I did and still stay a brownie. Good-Luck! I also will all of my socks to Peggy Brewer, since that's all she wears when she goes swimming! And last but not least, I will to Susie Cole the ability to go to McDonald's 4th hour without my help.

I, Kim Gregory, will my P.E. socks to Sheli Wiszo-Waty since they have been on her feet all year. I also will Lisa Tipsword my Pat Benatar tape since she really jaxes with it. Last, I will to my sister, Rhonda, two more successful years in basketball and the ability to remember which basket to shoot at.

I, Doug Hite, will my ability to stay out of trouble to my little bitty sister, and my better judgement to Bob Orris, who needs it more than I.

I, Todd Jones, will my full head of hair to Buzz, who may need it in the future. I also will my basketball talents to Danny Snyder. And finally, my entire prized possession of record albums including all Led Zeppelin and Rush, to Steve Austin.

I, Max Lappin, will my ability to party to Rich Camfield so he won't pass out all the time.

I, Bill Larkin, will all of my crummy junior and senior school books to Danny Synder and hope that he has better luck with them than I did.

I, Scott Martin, will my good progress reports to my brother, Sean, who doesn't seem to get very many and my nicknames to anyone who would like to be embarrassed.

I, Joe Moon, will my highly developed procrastinating abilities to anyone who can use them and get away with it.

I, Kendall Mulvany, will to my sister the guts to go to this school for four years.

I, Jon Nation, will my cruddy, worthless, little car to my cruddy, worthless little brother, Paul.

I, Mark Suddarth, will my heighth to Greg Waggoner in hopes he will make *center* on the basketball team.

I, Kelly "Rev" Traster, will my Bible to anyone who will read it.

I, Sherry Tipsword, will my tan to Jennifer D. so she can wear her P.E. shorts without being embarrassed about her lilly legs. I will to Lori Suddarth the ability to keep up the good times we had in Sullivan.

I, David Yarnell, will to be glad when school's out.

The 1982 World's Fair was held in Knoxville, Tennessee. The theme of the fair was energy, with the People's Republic of China being one of the most popular. Adding to the list of famous structures displayed at previous world fairs (including the Eiffel Tower, the Space Needle, and the Statue of Liberty) is the Sunsphere, a 266-foot-high, energy-efficient, five-level globe. The fair ran from May to October, with admission tickets \$9.95 each for one day.

THE WORLD'S MAY-OCT., KNOXVILLE,

TRIP

According to many of the class of '82, much of the material on the preceding page is bull and hype. While all enjoyed the World's Fair, most agreed it was not what it was cracked up to be. Lines were very long, and few of the actual exhibits were seen. Only two people, Paul Davis and Kelly Traster, actually made it up the Sunsphere.

The trip began at midnight on Thursday, the class arriving at the fair on Friday morning. That night the seniors stayed in rented trailers though no one got much sleep. The next day they were back at the fair for more rides, junk food, and deely-boppers. Arriving in Bethany early Sunday morning, they tiredly went to their homes with many memories of a unique class trip. Watch out for those hose-monsters, Doug!

2002: A Reunion Odyssey

We've finally made it to the 20 year of the class of '82. It's being held at the home of Todd Jones on the last day of his 37th year. He's over in a corner some where babbling to himself. The entire class is sitting on the living room sofa (no big accomplishment), with "The Best of Ozzy Osborne as performed by Lawrence Welk played as background music. It seems Ozzy died a few years ago in a plane crash. Well, let's take a look around and see who's here.

There's Annette Barter . . . er . . . Marshall sitting at the end of the couch. She's got a secretarial job; right now she's taking notes on the reunion in case there's a pop quiz tomorrow.

Steve Hower's at the other end of the couch. The first thing he's asked everyone is if they want to buy a couple of watches real cheap. His auto-repair shop in Florida didn't do too hot after the State started investigating where he got his brand-new used spare parts.

Mike Cuttill just came in, followed very closely by Scott Martin. Mike decided to leave his three kids at home this evening. Scott decided to leave his three kids at home, too. Oh, it seems Mike is going to the bathroom. Surprise, surprise; Scott is going too.

But where's Mike Carroll? He must not have come since he didn't have anyone to tag along after. The last we heard of Mike, he was the owner of a chain of pet stores called "Pups."

One success story here tonight is Mark Suddarth. He's a high paid fashion model. He models shoes.

Another success story is Kendall Mulvany. He's now a plastic surgeon. His first operation, of course, was on himself. He now has all his teeth and both of his eyes looking in the same direction.

Teresa Bushert and Cindy Snearly were here, but they left half-way through the reunion . . . Well, sinks for coming anyway, guys!

Doug Hite just pulled into the parking lot doing 55 in reverse. He is a very well-to-do construction contractor; he builds big "how-ses." Cheri Funk is now a model for Cover Girl. She's in the dining room showing how to put on the latest line of cosmetics with a mascara brush and a putty knife.

Too bad Jon Nation couldn't be here tonight. Remember when we use to think he was crazy? Well, now he has a nice view of the lake from his padded cell number 37 in Bellview.

Kim Gregory came in with her new husband. He's 89 years old. Looks like Kim finally gave in to one of those guys at the nursing home.

Paul Davis isn't here yet. He's still out in the parking lot, thinking he's King Arthur slaying Lisa Bailey's car, the Green Grenade.

Sister Sherry Tipsword is here, but she can't stay for long because she has to go to mass early in the morning. Besides, those nun's clothes are uncomfortable.

During the evening, those of us at the reunion got a big surprise when we turned on the T.V. There was the Rev. Kelly Traster preaching on the television. He's a big television evangelist for the Church of the Latter Day Hog Farmers.

Mark Bandy couldn't be here tonight. He's trying to set a world's record for attending the most rock concerts in a life time.

Greg Brown wins the honors for coming the longest distance to the reunion. Greg is a mountain man in the Colorado Rockies where he checks traps — other peoples traps.

Paul Bryant couldn't be here with us this year, or any other year for that matter. It seems Paul's wife left him a couple of years ago, and Paul, overcome with grief, committed suicide by walking into a black ghetto in Chicago and shouting "Kum-belli, kum-belli, photon, yo' mama!"

Oh, Bill Larkin's here, too. You remember Bill; all he ever did was listen to hard rock. Poor Bill — he's a vegetable now. All that loud music turned his brain into jelly. Quick, someone wipe that drool off his chin!

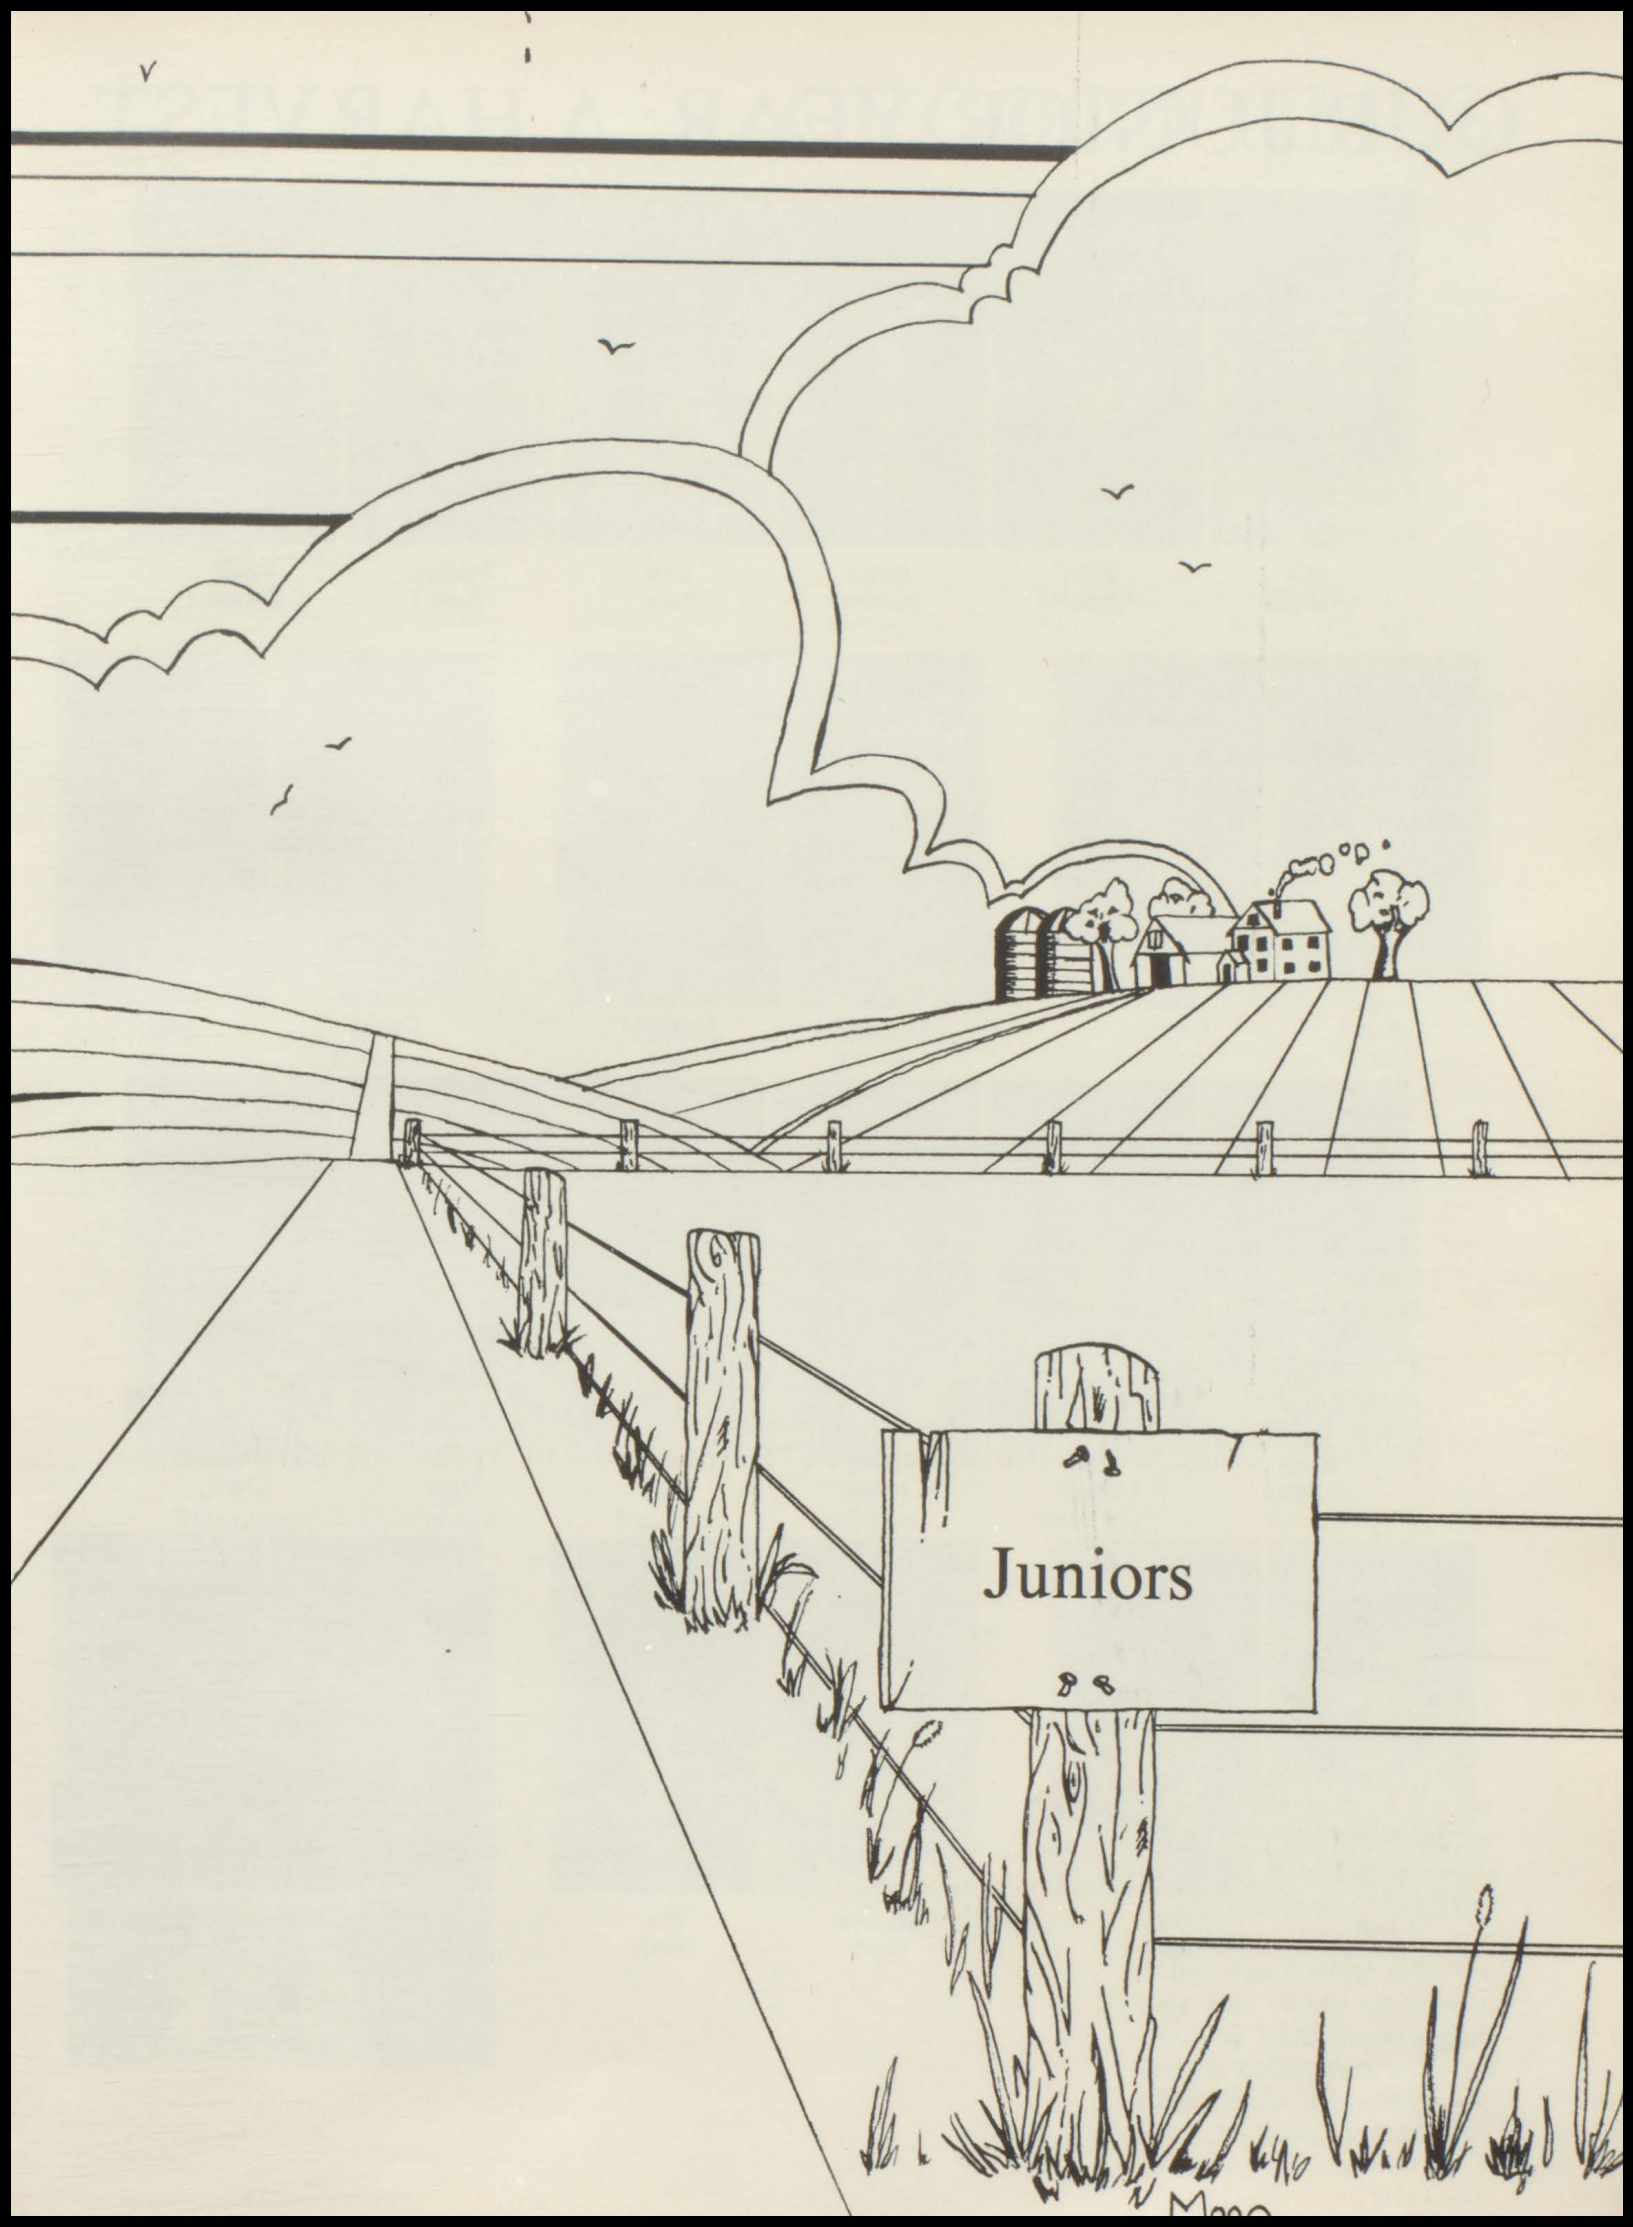

There's Max Lappin, crewcut and all. From what we here, Max is still a private in the Marines; he gets sea-sick on a ship in drydock.

We just got a call from David Yarnell. It seems that it's snowing out his way and he tried taking a short-cut through someone's field in his truck. He'll be a little late.

Joe Moon is the only one not accounted for tonight. It's rumoured that big city life finally got to him and now is living in a religious commune in California and has a very severe morphine habit.

Oh, and by the way, all of this information was taken from Annette Barter's notes. Relax, Annette. There's no quiz tomorrow.

Respectfully Prophesied,
Joe Moon and Jon Nation.

To the Class of 83: Since our freshman year, we've had some great times and achieved many goals. Homecoming was a lot of fun. Our theme for our float was "On the Right Track" and we got lucky and got first!!! We worked hard on Prom but it was sure worth it! The theme was "Hold On To Your Dreams", the flower was a white rose, the song was "Keep On Lovin' You" by REO Speedwagon, and our colors were blue and silver. We're all looking forward to being Seniors and I'm sure we'll have fun.

Being the first year of high school for us, the Freshman class of '85, we were a little scared, not to mention a little let down when our Homecoming float received 4th place. We made new friends and found that high school wasn't that bad after all. During Homecoming week, the girls, with their faces painted like animals, and the boys, with their hair greased back 50's style, discovered what it was like to be initiated. Money-making projects included the donkey basketball game and selling silk roses for Valentine's Day.

Our class sponsors were Mr. Archer and Mrs. Richardson. Billie Moon represented our class as Freshman attendant.

Jennifer Dudley — Secretary, Kelly Waggoner — Treasurer, Ronda Hutchcraft — Vice-Pres., Todd Atkinson — President.

The National Honor Society is an organization which has strict requirements for its members. These include academic ability, leadership, community service, and character. The NHS handles nominations for Student of the Month, based on any outstanding achievements of a student during the month, then the nominations are voted on by the teachers. The teachers are also responsible for choosing new members of the Nat'l Honor Society. The Society conducts the installation ceremony for the new members. Contrary to popular belief, you don't have to be a brown to get into NHS.

WHEN IN DOUBT . . . PANIC!!

My nickels!!

We worked from August to July non-stop. That meant we worked *every* Wednesday night till at least five o'clock and even after school was out!! Our editors, Marilyn and Lisa, had a hard job of checking every page before sending them in. Our advisor, Mrs. Gibbons, had the roughest job of all; keeping us in line and all friends. Selling ads and going to seminars were a lot of fun. Being on the yearbook staff is very rewarding but involves hard work and dedication. Oh, by the way, all you guys better like this book A LOT because we didn't work our derrieres off for nothing!!!

On October 21, 1981, the Spanish Club went to see a performance of Spanish dancers at the Masonic Temple in Decatur. Also, at the same location on March 11, 1982, we saw the performance of Don Quixote, the legendary knight who attacked windmills. We were planning on a Mexican Christmas party, but unfortunately the day that we were going to have it, it snowed, so we had it the next day. Instead of having our huge Mexican dinner as planned, we ended up eating tortilla chips and Pepsi. Luckily, we still had the piñata. Since there was no good place to tie the piñata, we tied it to the lights. We chose Kevin McReynolds as the first clubber. Then we blindfolded him, and the instant we set him free, he lunged forward and viciously winged the club with locomotive-out-of-control speed and bludgeoned the poor piñata. To our horror, the light to which the piñata was attached lurched forward as we screamed to remove ourselves from Kevin's path of destruction. Kevin, who thought he destroyed the candy-filled piñata, whipped off his blindfold and looked around the room in a mad fury, hoping to find the destroyed piñata and its spewed candy. Instead, he found the room in total devastation and the rest of us pale with horror, as the startled piñata swang content above our heads, unharmed.

"This meeting will come to order."

FHA FHA

"I would like to call this meeting to order," was the one thing said by President Kim Gregory after "Shut-up." Our meetings were held the third Wednesday of each month. Even though our meetings were a little rowdy, we still got activities discussed and planned. Some of the activities planned were: Dad's date night, Tom Watt sales, the Easter egg hunt, The Style show, and the Mother-Daughter Banquet. The Mother-Daughter Banquet was a sad time for saying good-bye to the seniors but a happy time when the new officers were installed; the new chapter sisters and chapter mothers were present and everyone's looking toward a new year.

The Bethany High School Band has worked hard, performed, and competed at many places this year. The marching band went to Shelbyville in September for an exhibition of our field show and parade marching. We received a 1st place rating in parade marching. Then, in October, the marching band went to E.I.U. and received 1st runner-up in our field show. In March, our annual High School solo and ensemble contest was held at Millikin University in Decatur. In

April, we had our concert band contest at E.I.U. We turned out to be the only band to get a first place the whole day, and we even had a first in every category. When we learned of our superb performance, we grabbed our Bethany Band jackets, put them on, and strutted around campus like the cool band members we are, even though the outside temperature was 80 degrees.

This year the high school chorus was under the direction of a new teacher, Mrs. Crowder. We participated in solo and ensemble contests and organization contests. Unfortunately, we didn't make the sweepstakes after three straight years of succeeding. We also had concerts throughout the year. Sherry Tipsword won the Choral award for this year. This year we can be sure that the chorus put their best foot forward.

St. Elmo Fresh.-Soph. Tournament.

This year Bethany High School has a new organization, the Scholastic Bowl. The High School team is directed by Mrs. Richardson and the Jr. High team is directed by Mrs. Shasteen. The Scholastic Bowl is similar to the "whack the buzzer" section of Family Feud, only there are five people on each competing team. We didn't have a set schedule for our matches, but we all did well anyway. Although it was our first year, we did well and the Scholastic Bowl will probably be an organization for a long time in this school.

This year B.H.S. had 8 very determined seniors on the football team. Bill Larkin, Mike Cuttill, and Kendall Mulvany were chosen second team all-conference. These 8 young men will be truly missed next year.

B.H.S. was very proud of the Mustang football team. They worked hard and came out of a 21 game losing streak by defeating the Assumption Comets 19-6. They ended the season 1-8, but they worked hard and gave it all they had, so to us they are real winners.

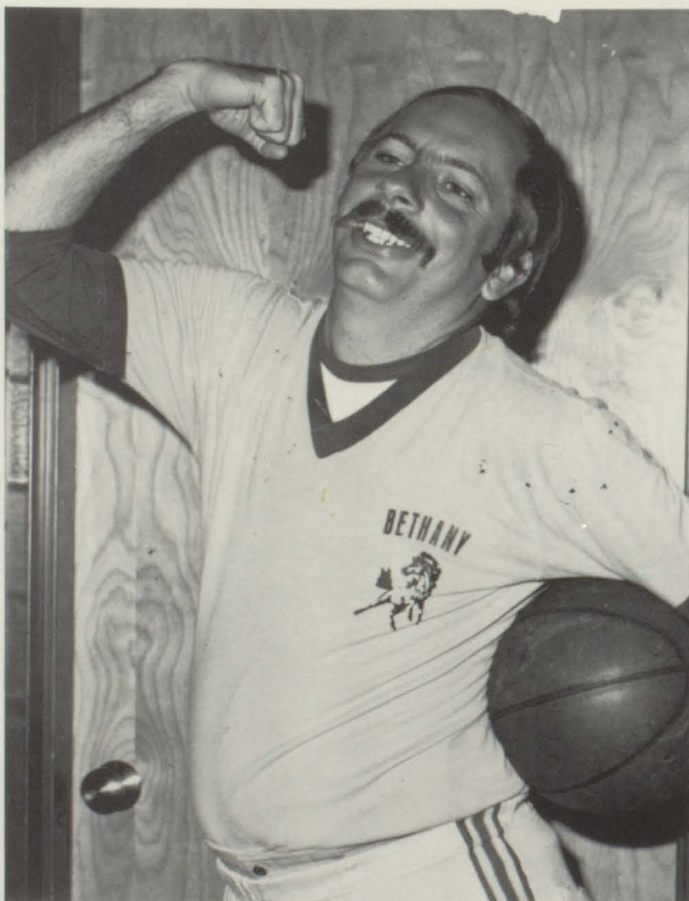

Bill Larkin was chosen M.V.P. and also received the Coach's award. Kendall Mulvany was chosen the Best Back. Mike Cuttill had the Most Tackles and was chosen the Best Lineman. Tony Moon was chosen as the Most Improved.

This year's Mustang basketball squad showed a great fighting spirit despite being shorter than most of the teams we played; we held our own. We were winners of the Sullivan Thanksgiving Tourney and finished in 4th place in the Meridian Conference. This team was a pleasure to watch as they never gave up in a game no matter what the score and always gave 100% both in practice and in our games. They can truly hold their heads high for they represented our school with honor. We wish the Senior players good luck and thanks for helping to make this season a success.

Lisa Bailey — Senior

On a basketball team we all grow close and become a big family. A member of our family this year, Senior Lisa Bailey, is leaving. We've grown close to Lisa in our own individual ways. Even though she might not have played as much as the underclassmen, she never criticized but always cheered us on. Good luck to Lisa in her future career; we wish her only what she deserves: happiness and the best of everything. We love ya, Lisa.

FLYING FILLIES REBUILD AFTER

Coach Joann Crane

The 1981-1982 basketball season was a fun time for all. We put in a lot of hard work but it paid off when we had our first game against Shelbyville and won. We've been rebuilding our team after last year's trying season, and we seem to get better each year. This year the varsity was 12 and 12 and the J.V. 11 and 6. We won our first game of the regional against Atwood but lost the second game against Sullivan. We'll be back with the same players, and we'll be bigger and better and ready for the new year.

The Jr. High basketball teams, coached by Jim Parsons, had a fun and rewarding year. The 7th grade team had a 13-3 record. They made it all the way to the finals at District, but were beat out by Monticello. The 8th grade team had a 9-3 record. They made it all the way to the Sectionals. It looks like our Mustang team will be pretty tough in a couple of years.

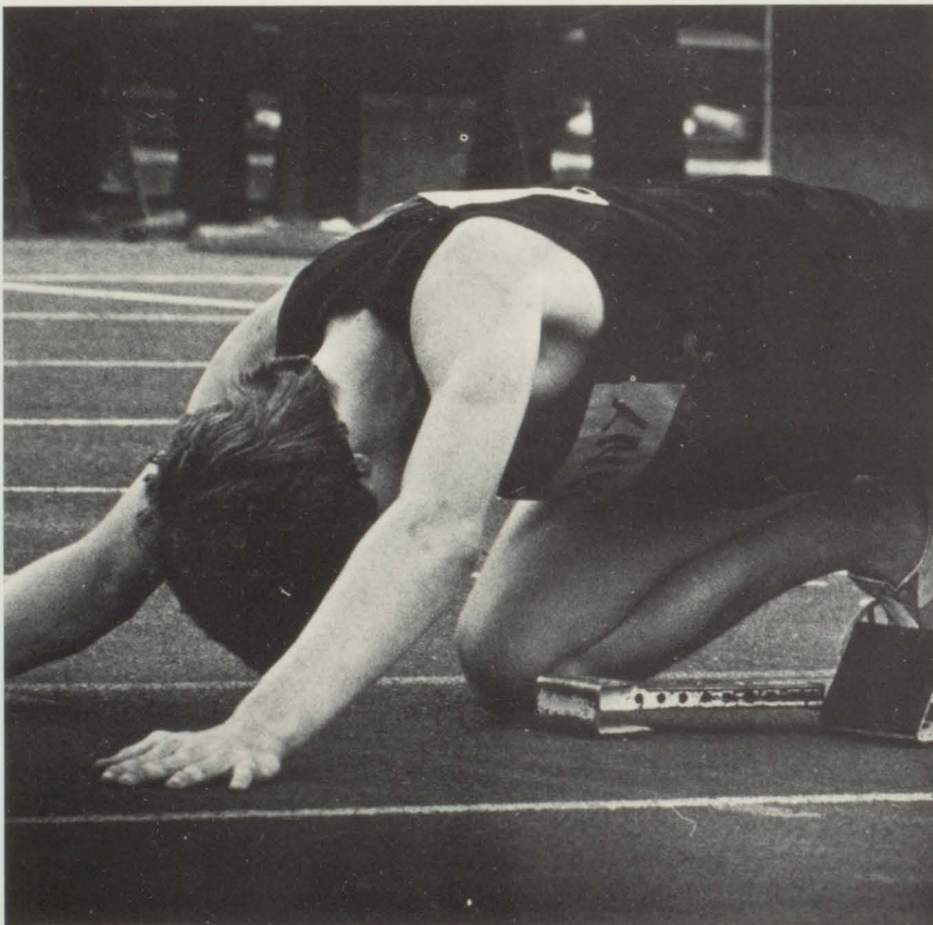

B.H.S. TRACKSTERS HAVE

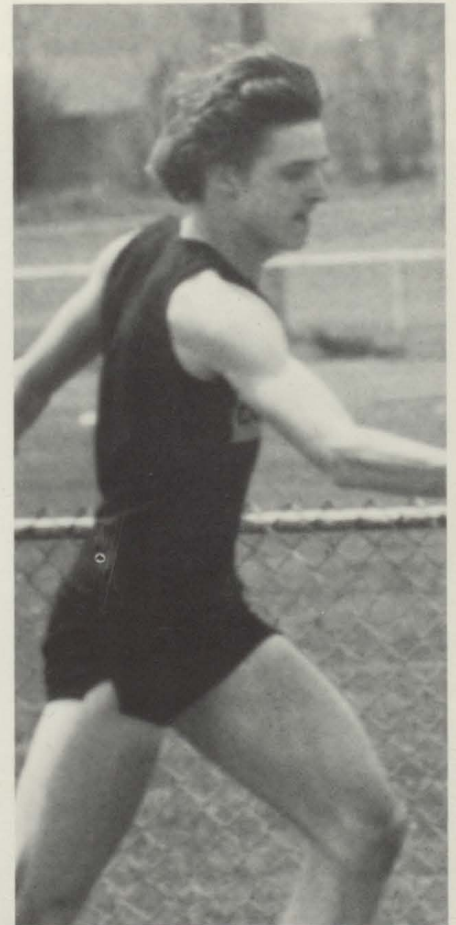

For the first time in many years B.H.S. sent a boy's track member to the State Track Meet in Charleston. He was Paul Nation. Paul ran the 400 meters at the State Track Meet and finished 7th in his heat. Paul is only a sophomore and will more than likely be going back in the next 2 years. Paul also qualified for the Area Best meet at Millikin University in the 100, 200, and 400 meters. He set the school and Meridian Conference records in the 400 meters. Other records set were: the 400 meter relay by the team of Paul Nation, Kendall Mulvany, Darryll Kelly, and Tim Moore and the 2 mile record was broken twice this year, first by Tony Moon and then again by Darryll Kelly. We are very proud of these young men and all of the effort everyone put forth and hope that they will have a successful season next year.

This year our Girls' High School track team consisted of 11 people. At most of our meets we ran against girls who were two times our size. Though we were small on people, we feel we gave it our all. This year we had a new coach so we had to help her on who could do what. She usually stuck us in events which we had never done before, but we never complained. Our team contained 3 juniors, 4 sophomores, and 5 freshmen. For the freshmen it was new experiences.

Chuck, we hope you make it to the games on time, since you couldn't make it to get your picture taken with the rest of the team.

This year's team, coached by Phil Banning, ended the season with 4 wins and 7 losses. The season was successful though because the Mustangs made it to the quarterfinals of the Regional Tournament. In the first round there the boys left the Arcola Purple Riders standing in a daze as the Mustangs scored 14 runs to their 1. The next game was against the Shelbyville Rams which had to be played without the help of the 4 senior players who were on their Senior Trip. They lost the game 6-0.

Three team members were selected to the all-conference team. These were: Mike Cuttill — 1st team catcher; Jr. Throneburg — 2nd team pitcher; Scott Martin — 2nd team infielder.

Best of luck next year. We praise you for the effort you exerted this year.

Favorite Class in School: Sociology; Years at Bethany: 3
Birthdate: August 19, 1956.

These Are the People That Hold the School Together

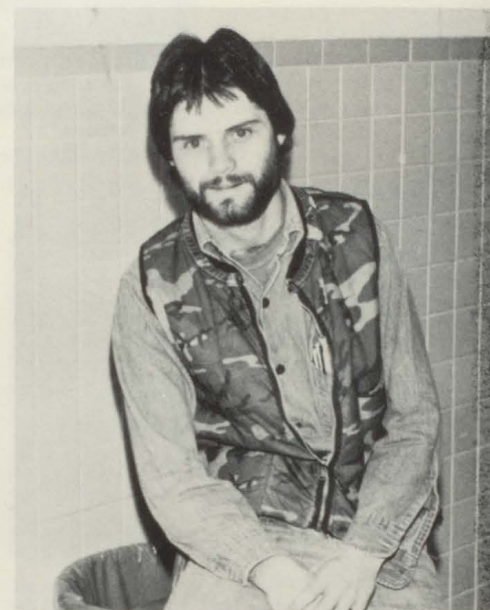

Left to Right: Busdrivers, Bernetta Jennings, Rowena Webb, Shirley Ford, Luzetta Ferguson, and Kathy Ferguson.

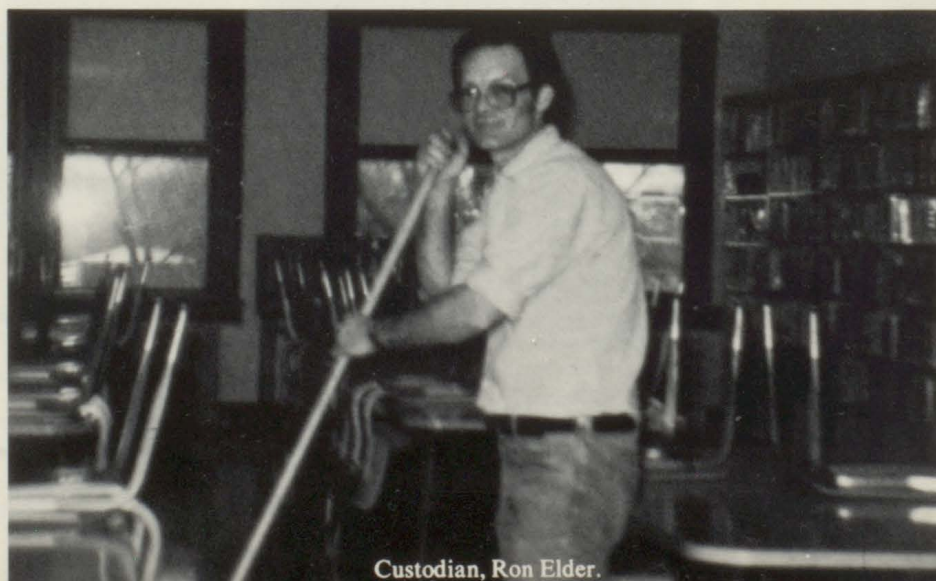

Custodian, Glenda Riggs.

Cooks, Emma Lou Funk and Connie Carlyle.

Maintenance, Hans Fox.

Custodian, Ron Elder.

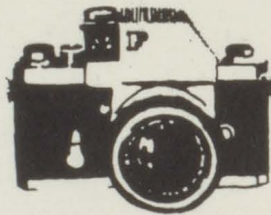

“Lunch or ala carte” was a familiar sound to each student every morning this year. The reason is a new lunch program was started at the high school and grade school in order to keep a lunch program. The lunches catered to the likes of the students with menus including pizza, hamburger, fiestada, and chef salad. A specialty of the house, which not too many people could resist, was the homemade cinnamon rolls. We all would like the cooks to know how much we appreciate the little and the big things they do for us so this page is dedicated to you — Connie and Emma Lou!

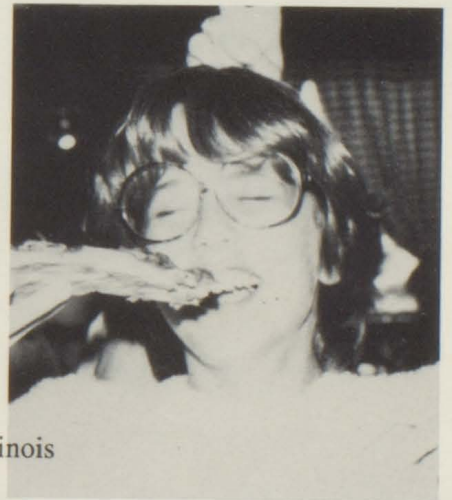

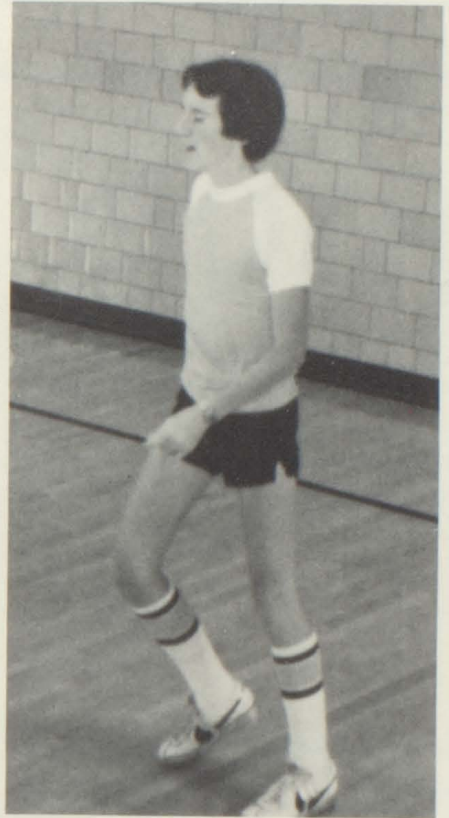

This page is dedicated to all those people who worked so hard to get this yearbook done. I know we won't please everyone with the ways things were done, and there were probably many mistakes made but we did our best and put in a lot of hard hours so you could have something to remember this year by.
